

Step 4

After care service

You've done a good job and have a satisfied customer - now is the time to add those little extras that will make it easier for your customers to refer you to their family, friends and neighbours.

Leave behind / referrals items

If you've done a good job, there's no reason why your happy customer won't want to show off their new home improvements to their friends, family and neighbours - so leaving behind 'Recommend a Friend' and testimonial response cards is a great way to collect leads.

How to activate their guarantee and maintenance leaflet will also be a reminder of your services for many years to come.
